EDUCATION

DUNWOODY COLLEGE OF TECHNOLOGY

Bachelor of science in interior design | 2019 - 2023

- Completed rigorous coursework focusing on interior design principles, space planning and furniture layouts, technical drawings, and design aesthetics. Worked collaboratively with fellow students on class projects.
- Engaged in hands-on learning experiences such as site visits, design workshops, and material exploration to deepen understanding of design concepts and practical application.
- Developed proficiency in industry-standard software and applications including AutoCAD, Revit, Adobe Creative Suite, and Enscape.
- Completed capstone project demonstrating mastery of design concepts, problem-solving skills, and project management abilities. Created 3D renderings, mood board, and presented to professionals for feedback. Project demonstrated creativity, innovation, and attention to detail.
- Dean's List 2021 - 2023

SKILLS

PROFESSIONAL

- Adobe Suites
- Auto CAD
- Revit / Escape
- Excel

WORK EXPERIENCE

TARGET

General Merchandise Team Member | 2019 - Present

- Support Target's visual team by designing and setting up displays to attract guests. Ensure department is organized and stocked to increase sales.
- Maintain positive relationships with guests by assisting with questions and locating items.
- Manage inventory through auditing items and updating count in the system, order products based on inventory levels and anticipated sales, and rotate items following FIFO to reduce cost of expired items.
- Work with vendors in adjusting order levels, receive deliveries and break down pallets, reset backroom storage for ease in stocking and locating items.
- Train new associates in department standards and customer experience for smooth daily operation.
- Flex to work in other departments to balance workloads and meet customer needs.

VOLUNTEERING

ANIMAL HUMANE SOCIETY | 2016 - 2018

- Assisted with dog adoptions, walked dogs and provided social interaction, cleaned and prepared kennels for new rescues.

WELLS MISSION RELIEF | 2019

- Part of a group formed to assist residents with cleanup after hurricane Dorin in Florida. Cut down trees, cleared debris, and built fences.
